

Creating a New iCompete Account or ABCRA Membership

In order to manage your ABCRA entries and membership online, you must have an iCompete account that is associated with your ABCRA membership.

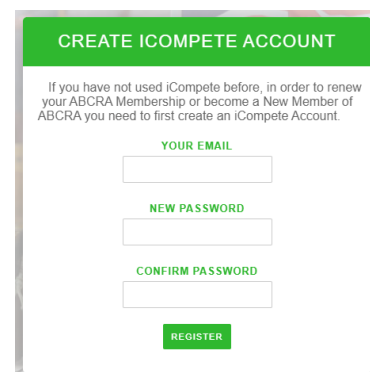

If you have an existing iCompete account that is already associated with your ABCRA membership then login to iCompete. (If you have forgotten your password, click the **Forgot your password** link to recover these details)

However, if you do not have an iCompete account, click **New to iCompete** and enter your email and password. If you do not have a membership with ABCRA there is also a step in this process to create a membership and enter your basic details.

1. To create a new iCompete account, go to <https://abcra.icompete.net> and click on **“Create your iCompete Account Now”**.

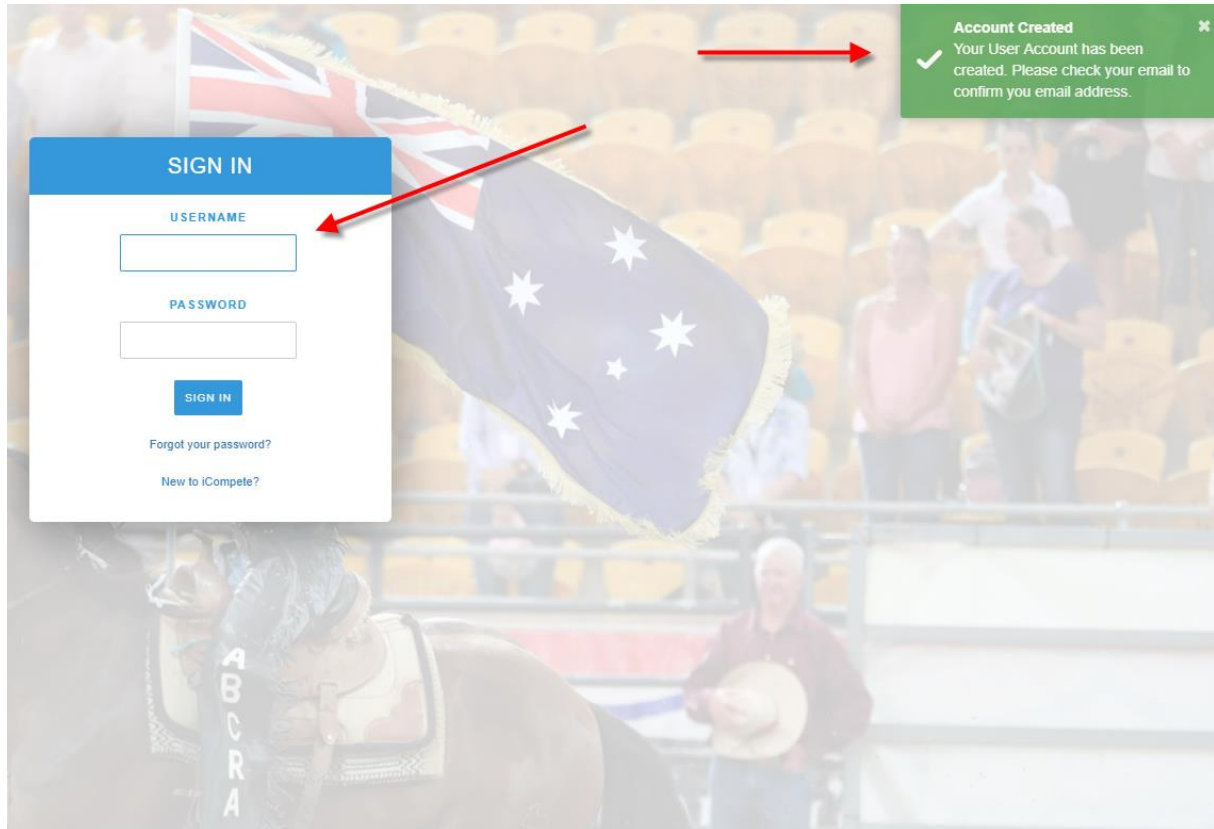

2. Enter an email address and password for the account. You will need to use at least one number in your password. Confirm your password by entering it again and press register.

3. You will then be taken back to the login screen where you will get a message asking you to confirm the email address entered.

4. Below is the email you will receive to confirm the account. Click on the link option to confirm the account.

- Once the email is confirmed you will be taken to the login screen with a message saying the email is confirmed. You will now be able to login.
